Datum: _____

29 Zurück zur Zehn.

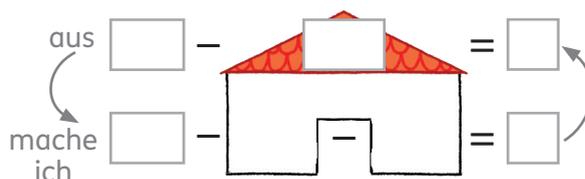

$$13 - 5$$

$$11 - 3$$

$$16 - 9$$

Datum: _____

30

aus 11 - 2

mache ich

$$11 - 1 - 1 = 9$$

aus 13 - 6

mache ich

$$\square - \square - \square = \square$$

aus 14 - 6

mache ich

$$\square - \square - \square = \square$$

aus 12 - 3

mache ich

$$\square - \square - \square = \square$$

aus 13 - 7

mache ich

$$\square - \square - \square = \square$$

aus 16 - 7

mache ich

$$\square - \square - \square = \square$$

Unter den Zehner: Zurück zur 10

Datum: _____

31

aus 11 - 5

mache ich

$$\square - \square - \square = \square$$

aus 12 - 4

mache ich

$$\square - \square - \square = \square$$

aus 12 - 7

mache ich

$$\square - \square - \square = \square$$

aus 15 - 8

mache ich

$$\square - \square - \square = \square$$

aus 13 - 7

mache ich

$$\square - \square - \square = \square$$

aus 14 - 8

mache ich

$$\square - \square - \square = \square$$

aus 13 - 9

mache ich

$$\square - \square - \square = \square$$

aus 15 - 9

mache ich

$$\square - \square - \square = \square$$

Datum: _____
